

## We Will Rise

Arch Enemy

Tear down the walls  
Wake up the world  
Ignorance is not bliss  
So fed up with second best  
Our time is here and now

I am the enemy  
I am the antidote  
Watch me closely  
I will stand up - now

We will rise  
Rise above

Stereotype Fools  
Playing the game  
Nothing unique  
They all look the same  
In this sea of mediocrity  
I can be anything  
Anything I want to be

We will rise
