

Immortal Sin

Arch of Hell

I decided for a broken heartway
My result was a sadness farewell
...i died for you...

I decided for a broken heartway
My result was a sadness farewell
...i died for you...

Lose wings of desire
wings of flame
felt my suffering
and lose my fame...

...for you...

i lose my life
i lose my fears
i'd want to cry
on the bleeding sky

...becouse of you...
