Angel Of Sodomy

Archgoat

Sodomatic rituals of desecration Lambs of hypocrisy, of christian lies Bow to blasphemy, in front of horned god Eternal torment, profanity of church

Molesting the son of blind idiot god In the shadow, of mighty wings The pleas bring denied, cries for father None shall hear, the lamentation

Angel of sodomy Angel of sodomy

Black flame of destruction Searing the faithful soul Holy shall perish Burned to their chapels Deny the word Written lies of tyrant Await the judgement Of sodomatic rites.
