

## Luciferian Darkness

Archgoat

I am the bringer of the luciferian light  
I am creator of his eternal darkness  
Devoted myself to his esoteric wisdom  
Inside I burn with the black flame  
For thy honour  
Black mass prayers  
For thy glory  
Rituals of darkness  
The darkness to the weak and fools  
Light for the elite who ran ser  
I cast my black aura  
Against all white light
