

Let's Get Married

Archie Star

Tonight, I say we just get out of this town
Let's go to Seattle, watch rain fall to the ground
And on our tongues "I love you's" run into each other
But could i really trust her?
She said, "Hey baby baby boy, why you always look so sad? You got the whole world in the palm of your hand"
But it don't mean a thing if you're not next to me
I'm so sick so sick of just always dreaming

I'm sleeping on the couch, she's married to her mattress
I think the hardest times are finally gonna pass us
The glass half full, so watch my eyes
Oh babe i promise that i'll never let what happen last time

The rain is coming down like oh cats and dogs
It's harder to see you, see through all the fog
I know you're there so i'm not scared
"Hey Lets get crazy how bout' we just get married"
She said "Hey baby baby boy I've loved you from the day that we met, don't care what mom says or if we're ready just yet"
Cause this don't mean a thing if you're not next to me
You're who I want to wake up to every morning

I'm sleeping on the couch, she's married to her mattress
I think the hardest times are finally gonna pass us
The glass half full, so watch my eyes
Oh babe i promise that i'll never let what happen last time

Lets Just Get Married
Lets Just Get Married

Wait
I'm on one knee
Can you believe this is happening?
So kiss the clock
Just for Luck
What timing, 11:11 just struck

Oh Baby, Yeah I'll Marry You
