

# The Blues

Architects

Never, never lose sight  
Of what you started it for  
No matter what comes in between

And I used to think  
That I knew better than those around me  
But something changed along the way  
And you're the reason I'm wanting to stay

I used to sink and now I swim  
I've had to work for everything

When will you recognize your it, you're the reason I feel so alive  
And none else comes in between

I used to think  
That I knew better than those around me  
But something changed along the way  
And you're the reason I'm wanting to stay

I can't turn my back and leave you  
After all you've done for me  
I can't turn my back and leave you  
After all you've done for me

The blues have wrapped their arms  
Around me and I can't make sense of it  
The blues have wrapped their arms  
Around me  
I wish it was you instead  
The blues have wrapped their arms  
Around me and I can't make sense of it  
The blues have wrapped their arms  
Around me

Oh how I wish it was you instead

I never knew I could feel like this

The blues have wrapped their arms  
Oh how I wish it was you instead  
The blues have wrapped their arms  
Oh how I wish it was you instead  
The blues have wrapped their arms  
Oh how I wish it was you instead
