

# Before Tomorrow

## Architecture in Helsinki

(Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow)

Today we fell from disaster to disarray  
It seemed the world would always evolve this way  
Like we were never seventeen

(Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow)  
Make some history before tomorrow

These never ending ways of pretending  
They got me tripping  
Before tomorrow

(Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow)  
Make some history with me

There are time when a lot of people keep their problems alive  
We'll be floating backwards into the sun

(Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow)  
Make some history before tomorrow

These never ending ways of pretending  
They got me tripping  
Before tomorrow

(Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow)  
Make some history before tomorrow  
Make some history before tomorrow

(Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow  
Before tomorrow, Before tomorrow)  
Make some history with me
