

## Dream a Little Crazy

Architecture in Helsinki

Dream a little crazy

Why won't everybody  
Just dream a little crazy  
It's about time that everybody  
Dream a little crazy

Love is a car crash, I saw stars  
Built a vision from behind these bars  
They were fading out of sight  
Till I shook defensive, free your mind

Why won't everybody  
Dream a little crazy  
It's about time that everybody  
Dream a little crazy

Stuck in a rough patch, I saw stars  
Built strong visions from behind these bars  
They were fading out of sight  
Till I shook defensive, free your mind

Why won't everybody  
Dream a little crazy  
It's about time that everybody  
Dream a little crazy

Just imagine when you're on the run  
Kinda tragic, almost fun  
Whoever told you your life was a drag?  
And so what?

Why won't everybody  
Dream a little crazy  
It's about time that everybody  
Dream a little crazy

Why won't everybody  
Dream a little crazy  
It's about time that everybody  
Dream a little crazy
