

Sleep Talkin'

Architecture in Helsinki

When I talk in my sleep
I'll be begging for more
That's meant to sound sweet
Babe, you're meant to reward me

For working hard on my pleasantries
So when you've locked your door
You wanna got me a key

Across the river there's a spark
Swimming straight into your heart

And if I talk in my sleep
I ain't breakin' the law
I'm dreamin' to scream
Just like I told you before

When I was blue and green
And you are black and blue
We'll add on little brown
To break the silent in two

Across the river there's a spark

Sleep talkin's almost letting go
I'm only parting with the magic
'Cause I need you to know

I'm gettin' tongue-tied
I'm watchin' heads roll
Along the tightrope of tomorrow
With a reason to fall

Hold tight lady, take it slow
I'm only startin' to be tragic
'Cause I need you to know

I'm gettin' tongue-tied
I'm watchin' heads roll
Along the tightrope of tomorrow
With a reason to fall

Sleep talkin's almost letting go
I'm only parting with the magic
'Cause I need you to know

I'm gettin' tongue-tied
I'm watchin' heads roll
Along the tightrope of tomorrow
With no reason to fall
