

## That Beep

## Architecture in Helsinki

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Kid can you wake up  
Boy it ain't long till the warning arrives  
And it's the shake up  
That's got me waiting for your dynamite

I never knew your middle name  
No need to play that game  
I called your doctor up  
And he promised me pain was fun

Tried a little bit of moving on  
It lasted way too long  
Dressed up as bubblegum  
I'm stuck to your shoe, let's run  
Can you give me that

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Two timing in your state of mind  
These feet got left behind  
We dived so deep  
We'd keep in touch with your buried bones

Can I get a little fading on?  
Fade it, fade it, don't be long  
Dressed up as bubblegum  
I'm stuck to your shoe, let's run  
Can you give me that

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Did they mistake us  
For an eight that's turning into a nine?

Said if I played the evil lover  
Can I trade you for your alibi?

Done living like a runaway  
Break those hearts so carefully  
Done living like a runaway

Every time that I turn around  
I let you down, you read my mind  
Bring the beat back

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

You got that beep, that beep, that bop, bop  
You got that beep, that beep, that bop, bop  
You got that beep, that beep, that bop, bop  
You got that beep, that beep, that beep

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep

Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep  
Beep, beep, beep, beep, beep
