

## Game Of Pool

Archive

Playing games  
plastic dolls  
killing time with alcohol  
I need grass and beer  
to make the world a little less weird  
to make the world a little more mine  
my soul feels guilty  
before my body sins  
always twist then ride like a candle flame  
always twist then ride like a candle flame  
life is hard  
life is short  
but it ain't nobody's fault  
life is just a game of a pool  
but it can't hurt a fool  
no it can't hurt a fool  
oh it can't hurt a fool
