

## Kid Corner

Archive

Youth shooters  
Use both hands  
I don't see a problem with that  
Kids with guns  
It's your time  
I don't see a problem with that

Come into the kid corner  
Come into the kid corner

Close their eyes  
Let them sleep  
Better off in their dreams  
Living insanity  
Land of opportunity

Come into the kid corner  
Come into the kid corner

Come around  
Tie them down  
Hear the sound  
Let them drown  
Or they'll find a way to shoot you down

Running fast  
Off the track  
Hit the grass  
Heart attack  
Gonna find a way to shoot you down

Running fast  
Off the track  
Hit the grass  
Heart attack  
Gonna find a way to shoot you down

Kid corner  
Come into the kid corner  
Come in

It's God's will  
It's her time  
You know I like the look and feel  
Sophisticated absolute  
You know I like the look and feel

Come around  
Tie them down  
Hear the sound  
Let them drown  
Or they'll find a way to shoot you down  
Running fast  
Off the track  
Hit the grass  
Heart attack  
Gonna find a way to shoot you down
