## **Rest My Head on You**

Was such a lovely day It was so easy And all that I wanted to do Was to rest my head on you On you, on you, on you To rest my head on you

All I wanted to do Was rest my head on you (All I want) All I want to do Is rest my head on you

All I wanna do All I, all, all I, all, all I, all, all I All, all I, all, all I, all I All I wanna do Is rest my head on you
