My body's in splinters  
You don't ask for much  
I don't give enough  
My insides are shattered  
I beg for it  
You won't give it up  
This weight of emotion  
Enormous  
I can't carry it  
The fearing is my feeling  
I can't shake it off  
Will it ever stop?

My body's in splinters  
So tired of love  
I'm giving up  
The skin raw like winter  
No light tonight  
I cannot fight  
I'm crawling with splinters  
Will it ever stop?

My body's in splinters  
All broken up  
Lost and corrupt  
I'm closed now and haunted  
I can't ever trust  
It has to stop  
No light tonight  
I cannot fight  
No light tonight  
I cannot fight  
No light tonight  
I cannot fight  
No light tonight  
I cannot fight  
I have no fight  
I have no fight  
I have no fight  
In me  
I have no fight  
In me  
I have no fight  
In me  
in me  
in me  
Have no fight  
In me  
I have no fight  
In me  
in me  
I have no fight  
In me  
in me
