

## Transmission Data Terminate

Lead the water, lead the water, lead the water  
Lead the water, lead the water, lead the water  
Lead the water, lead the water, lead the water  
Lead the water, lead the water, lead the water  
Lead the water, lead the water, lead the water  
Lead the water, lead the water

Say goodnight, no one inside your head  
Say goodnight, no one inside your blackened eyes  
Say goodnight, no one inside your beauty  
Electric glass, transmission data terminate  
Shutting down now, time to blink our beauty  
Shutting down now, the smell of cold is closing in

Flicking switches, turning knobs and pulling plugs  
Flicking switches, I want to see the emptiness  
Say goodnight, no one inside your blackened eyes  
Gamma rays, are pouring out of your mouth  
It's time for quite, let the peace drift over  
It's time for quite, let the silence settle in

I don't wanna turn out like you  
Gotta let the darkness shine through  
I don't want the weakness of you, in me

I don't wanna turn out like you  
I don't wanna waste any more time on you  
I don't wanna feel like I'm losing, to fear  
I don't wanna turn out like you (3 times)

I don't wanna turn out like you  
All I really want is a life without you  
I don't wanna see you when I close, my eyes

What am I to do when I'm a part of you?
