

## Speak

Arco

how can i speak?  
you've taken all the words  
nothing to say  
when you know you can't be heard  
and silence isn't golden, it's absurd  
but you won't give me the words

how can i live?  
you've taken all the ways  
nothing to do  
just filling up the days  
and this is not a role i choose to play  
but i don't have a say

push me down but don't complain  
if i don't join in your game
