Arctic Monkeys

So when you gaze at planet earth from outer space  
Does it wipe that stupid look off of your face?  
I saw this aura over the battleground states  
I lost some money, lost the keys  
But I'm still handcuffed to the briefcase

I never thought, not in a million years  
That I'd meet so many lovers  
Can I please have my money back?  
My virtual reality mask is stuck on 'Parliament Brawl'  
Emergency battery pack just in time for my weekly chat with God  
on videocall

Breaking news they take the truth and make it and fluid  
The trainer's explanation was accepted by the steward  
A montage of the latest ancient ruins  
Soundtracked by a chorus of you don't know what you're doing

I never thought, not in a million years  
That I'd meet so many lovers

And all of my most muscular regrets explode behind my eyes like  
American sports

I never thought, not in a million years  
That I'd meet so many lovers
