

## Parasitic

Lost until your final breath  
I'll never be like you  
Climbing through another mind  
And taking what you choose  
Lost until your final breath  
You cannot criticise  
Story takes another twist  
With venom in your eyes

His life is negative, drown in his dreams  
He wants to be me  
Conflict runs through his mind  
Just to fulfill his parasitic needs

Lost until your final breath  
I'll never be like you  
Climbing through another mind  
And taking what you choose  
Lost until your final breath  
You cannot criticise  
Story takes another twist  
With venom in your eyes

His words are irrelevant  
Judging the things he claims to understand  
Forcing views down on me  
Closing my fist I draw back my hand

Lost until your final breath  
I'll never be like you  
Climbing through another mind  
And taking what you choose  
Lost until your final breath  
You cannot criticise  
Story takes another twist With venom in your eyes
