

To Conform Is To Suffer

Area 54

Don't tell me what I know
My own life is my own
Your advice, I don't need
Sick of your empty words

What's inside, try to see
Money means shit to me
You betrayed, I re-live it
And I'm losing my way

I won't go down that road
Givin' in like I'm told
Wasted years play on me
I can't be -
