

Thief of Souls

Arena

Gathered here - drowning in their
Angry tears - why do they not
Understand - Why do they not comprehend?

Torn from the world by some dark fate
Suddenly no one can hear what they say...

Cry for them - Sometimes life is not fair
Mourn for them - Sometimes life is not fair

Pity these creatures of twilight
Walking the earth and yet lost from its sight

Cry for them - Sometimes death is not fair
Mourn for them - Sometimes death is not fair

Prisoners of their unfulfilled ambitions for life

Nothing left but empty shells
Bitter shreds of living selves
Torn from the world by some dark fate
Suddenly no one can hear what they say...
Silent and grey

There they stay... watch them fade away... as the
Thief of souls... lets their hearts decay

Anchored to the earth they haunt us
Shackled by their rage they haunt us
There they stay... watch them fade away... as the
Thief of souls... lets their
Hearts decay
There they stay... watch them fade away...
Thief of Souls...
