

## April Fools

Aretha Franklin

(April fools, April fools, April fools, April fools...  
April fools, April fools, April fools, April fools...)

In an April dream, once you came to me,  
You smiled, I looked into your eyes, and I knew I'd be loving you, and,  
Then you touched my hand, and I knew April dreams could come true...

Are we just April fools, who can't see all the danger around us?

Are we just April fools? I don't care, true love has found us now...

(April fool, true love's found us now...)

Whoo! Yes, it has!

(April fool, true love's found us now...)

Uh-huh...

Little did we know where the road would lead;  
Here we are, a million miles away from the past, travelin' so fast, and,  
There is no turning back if our sweet April dream doesn't last.  
..

Are we just April fools, who can't see all the danger around us?

Are we just April fools? I don't care, true love has found us now...

(April fool, true love's found us now...) Yes, it has!

(April fool, true love's found us now...)

(April fool, true love's found us now...) Yes, it has!

(April fool, true love's found us now...)

Little did we know where the road would lead;  
Here we are, a million miles away from the past, traveling so fast, and,  
There is no turning back if our sweet April dream doesn't last.  
..

Are we just April fools, who can't see all the danger around us?

Are we just April fools? I don't care, ooh-ooh, true love has found us now!

(April fool, true love's found us now...) Whoo!

(April fool, true love's found us now...) Ha-ha, ha-hey, it's found us now...

(April fool, true love's found us now...) Yeah! True love has found us now...

(April fool, true love's found us now...)

(April fools, April fools, April fools, April fools...)

(April fools, April fools, April fools, April fools...)

(April fool, true love's found us now...) True love...

(April fool, true love's found us now...) Has found us now...

(April fool, true love's found us now...) April fool has found us now...

(April fool, true love's found us now...) True love has found us now...

(April fool...)
