

# As Long As You Are There

Aretha Franklin

There've been a few loves in my live  
But none who have loved me as you  
You're within my heart so deep  
You're with me whether I'm awake or I'm sleep  
And with your hand in mine there is no hight I dare not climb,  
no

As long, as long as you hold my hand  
There is no, no fate that I can't withstand  
And although tears may fall  
I know you'll drive them all  
As long, as long as you are there (are there)

Darling, darling in you I find  
Happiness on peace of mind  
A lover like I've never known  
And I'm so glad, yeah, yeah, yeah, yeah, yeah, you're my very o  
wn

As long, as long, as long, as long, as long as you hold my hand  
Darling there is no, there is no fate that I, I can't withstand  
And although I stumble and fall (baby, baby)  
Baby, I know, I know that you'll hear my call  
As long, just as long as you are there
