

Can't You Just See Me

Aretha Franklin

Can't you just see me
With my head in the air
The day you trip and fall
Right out of my hair
I'm gonna walk right by you
Like you were stone
Everything that I felt for you, baby
Will be dead and gone
Hey, can't you just see me
(Can't you just see her)
Can't you just see me, girl
(Can't you just see her)
Can't you just see me now
(Can't you just see her)
With my head in the air
(With her head in the air)
Hey, can't you just see me
With another man
Just a-hugging and a-kissing
And him holding my hand
