

## It Ain't Fair

Aretha Franklin

People all around me  
But I don't even have a friend  
Lord knows I been trying  
And he knows I just can't win  
Everything I do yeah  
Seems to turn out wrong  
Sometimes I wish now  
That I never been born, whoa  
Nobody nobody cares  
Nobody cares baby  
You know I've had my share  
Just ain't fair, (Just ain't fair)  
Just ain't fair, (Just ain't fair)

Some folks got it easy  
They live the life of love and play  
Lord knows I got to struggle now  
Trying to make my way, yeah  
I'm walking all day  
I'm gonna reach the town  
I believe I hope I can make it yeah  
Beacuse my feet ain't gonna let me stop  
Talking about Jesus  
Nobody nobody cares  
Nobody cares  
Baby I've had my share  
Just ain't fair  
Just ain't fair  
It just ain't fair  
It just ain't fair  
It just ain't fair  
I've had my share
