

# Look Into Your Heart

Aretha Franklin

This one's for you Curtis  
I love you  
Doo doo doo doo  
Doo doo doo doo ooh

If you look into your heart  
With a positive mind  
Take some inventory  
Of your woman and your glory  
Leave the bad things behind

Ooh, everybody's got a story (history)  
About love and the good things  
But all the spices of your life  
You gotta pay the price  
If you know what I mean

I'm telling everybody I know  
How a girl becomes some pride  
When I finally found there was nothing left  
I said I do believe I found myself  
When I found there was nothing left

I wanna give it to you baby

If you look into your heart  
With a positive mind  
Take some inventory  
Of your woman and your glory  
Leave the bad things behind

I know a man if he really loves me  
We don't have that everyday no no no no  
I know my man really needs me I say it  
Whatever he wanna do, I wanna do it with you  
Baby hey yeah, yeah yeah  
Doo doo doo doo

Oh yeah, yeah yeah yeah  
Whatever he wanna do, I wanna do it with you  
baby I'm loving you more  
And more and more  
And giving you all and all  
I said mercy baby  
I'm loving you more and more and more  
I'm giving you all and all  
Say mercy baby  
I'm loving you more  
Mercy baby, mercy baby  
Mercy baby
