

# Once In A While

Aretha Franklin

My soul can't last, my soul can't last

Once in a while I will dream dear  
Knowin' dreams will seldom come true  
Yes, but once in a while I will dream dear  
And I hope you'll be thinkin' of me too

Yes, I must confess that I will miss you  
Like the stars would miss the sky  
Like a whale would miss its water  
If it should ever happen to run dry

Although I cried when you left me  
Yes, I cried for a year and a day  
You know my soul can't last, my soul just can't last  
Please answer me right away

You know that my soul just can't last  
My, my, my, my, my soul just can't last  
Soul just can't last, please answer me, please answer me  
I said that my soul just can't last
