

# Pitiful

Aretha Franklin

Oh pitiful  
Feel so sorry for me  
Pitiful  
It's pitiful  
Feel so sorry for me  
Though you dont' love me you see  
You still won't set me free  
Oh set me free

I wonder why I wondered why you do me like you do  
I wonder why you do me like you do  
When you know that I love you baby  
And you know I wouldn't do it to you  
No no

It looks like it makes you happy  
Just to see me cry  
Please have mercy on this  
Vacant heart of mine  
You're trying to see how mean you can be  
I would do my dog better that the way you do me

Pitiful  
Feel so sorry for myself  
Pitiful  
Feel so sorry for myself  
When you know that you dont' want me baby  
But you aint' gonna let me have nobody else now are ya
