

Take Me With You

Aretha Franklin

Take me with you
Everywhere you go, honey
Take me with you
So better far, no one will know, they won't know, oh

Ain't nobody like you baby (ain't nobody like you)
Nobody like, in the whole wide world (nobody)
You know you drive me fooling
Don't you ever leave the world, so

Take me with you, come on now
Everywhere you go (ah, ah, ah, ah)
Take me with you, baby, baby, baby
So better far, no one will know, they won't know

I'll go anywhere with you baby (kiss me, kiss me)
Anywhere with you would be, oh, sweet and low (sweet and low)
Once's was enough to convince me, sexy baby
Your love's so sweet, I can't let it go, oh, oh, oh, oh (I can't let it go)

Take me with you, come on, take me along
Everywhere you go
Take me with you, come on now
So better far, no one will know, they won't know

I just wanna be in your head like melody
Sweet to me, sweet, sweet music all the time, ooh, ah, ah, ah
I think your love will have me only giving you the best
I wanna be the number one thing of you there

I've got to hold on tight to you baby (tight, tight)
Cheer but don't, your love just might be away (be away)
It's everything to me that you're thinking about leaving
There's only one thing left for me to say, so

Take me with you, sweet baby
Everywhere you go, I wanna go baby, ooh, ooh, ooh
Take me with you, ah
So better far, no one will know, they wouldn't know, oh, oh, oh

Take me (take me)
With you (with you)
I wanna go (I wanna go)
Oh, baby (baby)

Take me (take me)
With you (with you)
I wanna go (I wanna go)
Oh, baby (honey)

Take me (honey)
With you (with you)
I wanna go (I gotta go)
You know that (anywhere)

I (you go)
Wanna go (baby)

Baby (honey)
Honey, honey (I wanna go)

Take me (anywhere)
With you (you go)
I wanna go (take me)
Ooh, baby (I'll go)

Baby (anywhere)
Take me (you go)
Doo-doo doo-doo doo-doo (baby)
Doo-doo doo-doo (you go)

Take me (I'll go)
With you (baby)
I wanna go (anytime)
Oooh, oh (any place)

Ooh, oh (take me)
Take me (with you)
With you (honey)
Yeah, yeah, yeah (you know)
