

Free fall

Argent

You say you're free to run wild
And I think I'm falling down, I'm falling down
Your words are spinning 'round my head
I think I'm falling down.

And it's so hard believing you're leaving me now
When you wanted me from the start
Or maybe you're just a little angry
And you're pushing me out of your heart into freefall.

Maybe it's the state that you are
That you're longing so hard to be free
But this is throwing our love so far into freefall.

And it's so hard believing you're leaving me now
When you wanted me from the start
Or maybe you're just a little angry
And you're pushing me out of your heart into freefall.

Freefall, freefall
Freefall, freefall.

I feel like a child whose feelings are hard to hide
You're running so wild that now I'm confused inside
Think, you're losing a friend, you're in freefall.
