You say you're free to run wild And I think I'm falling down, I'm falling down Your words are spinning 'round my head I think I'm falling down.

And it's so hard believing you're leaving me now When you wanted me from the start
Or maybe you're just a little angry
And you're pushing me out of your heart into freefall.

Maybe it's the state that you are That you're longing so hard to be free But this is throwing our love so far into freefall.

And it's so hard believing you're leaving me now When you wanted me from the start
Or maybe you're just a little angry
And you're pushing me out of your heart into freefall.

Freefall, freefall. Freefall.

I feel like a child whose feelings are hard to hide You're running so wild that now I'm confused inside Think, you're losing a friend, you're in freefall.
