

Freefall

Argent

You say you're free to run wild
And I think I'm falling down, I'm falling down
Your words are spinning around my head
I think I'm falling down
And it's so hard believing you're leaving me now
When you wanted me from the start
Or maybe you're just still angry
And you're pushing me out of your heart
Into freefall

Maybe it's the state that you are
That you're longing so hard to be free
But this is throwing our love so far
Into freefall

And it's so hard believing you're leaving me now
When you wanted me from the start
Or maybe you're just a little angry
And you're pushing me out of your heart
Into freefall

Freefall
Freefall
Freefall
Freefall

I feel like a child
Whose feelings are hard to hide
You're running so wild
That now I'm confused inside
Think, you're losing a friend
You're in freefall
