

## Life Moves On

Argy Bargo

How do you sleep at night how do you cope?  
Lend me your ear and I'll lend you a rope  
I bet you regret picking a row  
With someone who is watching and knows you so well

Life moves on, we all get older  
But it's no fun spending life looking over your shoulder

Can't change, won't change never gonna be the same  
Can't change, won't change your life will never be the same

Can you feel his hate can you feel his fury?  
No need for a judge, no need for a jury  
You can try and justify your own fucked up ways  
But reality will catch you up and you've gotta pay

What goes around comes around he'll haunt everything you do  
You wanna bury the hatchet but he'd rather bury you
