

# You're The Only One

Ari Hest

There's a lot of learning left for me to do  
Cause I must know me before I know you  
Somewhere along the way, I hope there will come a day  
When I'll be ready

You can love me just the way you have for all these years  
But this feeling won't just disappear  
Somewhere along the way, I sure hope there will come a day  
When all my inhibitions will subside

Round and round in circles searching for the sun  
Someday honey our time will come  
Every part adds to the underlying sum  
That you're the only one for me

But I'm not yet where I ought to be  
Somewhere along the way, I sure hope there will come a day  
When all my inhibitions will subside

Round and round in circles searching for the sun  
Someday honey our time will come  
Every part adds to the underlying sum  
That you're the only one for me
