

# The Light Is Coming

Ariana Grande

Ay yo  
Trophy wife, out on me  
Until you had to find out it's on me  
Now you benched, aw, your bum knee  
Now I'm the bad guy, call me Chun-Li  
'Cause you was slippin', yep, you clumsy  
And everything I beat, can't just unsee  
Sips tea, and it's unsweet  
Where's that bad gyal, one that done speak?  
Now we shooting the shot like drive-by  
Why you had to make me go call up my side guy?  
Can't let an F-boy eff up my nice vibes  
Yo Ariana, come let me give you a high five

The light is coming to give back everything the darkness stole  
(Don't let nobody speak for this)  
The light is coming to give back everything the darkness stole  
(Don't let nobody speak for this)  
The light is coming to give back everything the darkness stole  
(Don't let nobody speak for this)

What does she say?  
What did he say?  
You don't listen 'cause you know everything  
You don't even need dreams  
Tellin' everybody "Stay woke, don't sleep"  
Ah, gonna break that shit down  
You don't wait  
Ah, guess you're waiting  
And then you'll wait  
I been into you  
Shit that you been through  
Damn, I'm so confused  
Who cares about the rush of it  
In an interview  
That's the bottom line  
Blow it all (blow it all)  
Given you box of chances everytime you blow it all (blow it all)  
'Cause if it was shade, he would just throw it all (throw it all)  
It's like you're trying not to blow it all (blow it all)  
Blow it all (blow it all)
