

I Want Someone Badly

Arid

Now I want someone badly
Got a girl here tonight
Want someone new

A little cry wants someone badly
I wanna know if this is a bad lease on me

I want to know
I want to know
Am I sure that I heard you right
I want to know
If you're leaving just do it tonight

Now I want someone badly
Someone to burn in here with me
A little cry wants someone badly
Don't do anything just do it with me

I wanna know
I wanna know
Am I sure that I have your love
I want know
Cause if you're leaving just do it tonight

Now I want someone badly
Could it be true
That someone is you
