

# I Want Someone Badly

Arid

Now I want someone badly  
Got a girl here tonight  
Want someone new

A little cry wants someone badly  
I wanna know if this is a bad lease on me

I want to know  
I want to know  
Am I sure that I heard you right  
I want to know  
If you're leaving just do it tonight

Now I want someone badly  
Someone to burn in here with me  
A little cry wants someone badly  
Don't do anything just do it with me

I wanna know  
I wanna know  
Am I sure that I have your love  
I want know  
Cause if you're leaving just do it tonight

Now I want someone badly  
Could it be true  
That someone is you
