

Helen

Ariel Pink's

Helen, are you still there?
I can not let down
Where are you Helen?

Helen, you say that it's you
Please tell me the truth
That you're not Helen, Helen

Helen where are you?
Gone on Monday morning

Helen come back soon
Gone on Monday morning, you left me
Gone on Monday morning you left your heart

Helen, staring so long
Please tell me right now
That you're not Helen

Helen, why did you go?
Ages ago we were in heaven, Helen

Helen where are you?
Gone on Monday morning

Helen come back soon
Gone on Monday morning, you left me
Gone on Monday morning you left your heart

Ooh, lonely for you

Helen, who is this girl?
I'm still alone and you're not Helen

Helen, twelve days ago
Since you went home it feels like heaven
Helen

Helen, Helen
Helen where are you?
Gone on Monday morning

Helen come back soon
Gone on Monday morning, you left me
Gone on Monday morning you left your heart

Ooh, lonely for you

Helen where are you?
Gone on Monday morning

Helen come back soon
Gone on Monday morning, you left me
Gone on Monday morning you left your heart
