Oooh baby, oooh baby, oooh baby, oooh baby

When we out in the moonlight looking up at the stars above  
Feels so good when I'm near you holding hands and making love

Oooh baby, you're so baby, you're so baby, you're so baby

Sandy beach was making love as a tide moves in on us  
Feels so good walking side by side, wanna be with you all my li

Oooh baby, you're so baby, you're so baby, you're so baby
