

# Higher and Higher

Ariel Pink

I want to get higher and higher  
Don't wanna stop reaching for the top, man  
Don't wanna bow too low to the ground  
Don't wanna be in between the moment  
Just wanna chase my high all around

Higher and higher  
Desire  
Is higher and higher  
Don't ask me how high I can go  
I don't know

Higher and higher  
Don't wanna take my time away  
Just wanna take my drugs today  
Don't wanna sit and think all the time  
Just wanna dance and let go my mind

Higher and higher  
Higher  
Desire desire  
Don't ask me how high does it go  
I couldn't know

Higher and higher  
I want to get higher and higher  
Don't wanna stop reaching for the top, man  
Don't wanna bow too low to the ground  
Don't wanna be in between the moment  
Just wanna chase my high all around

Higher and higher  
Higher  
Higher

Higher than the sun  
Higher than the atmosphere

Higher and higher  
I want to get higher and higher  
Don't wanna take my time away  
No, no

Just wanna take my drugs today  
Don't wanna sit and think all the time  
Just wanna dance and let go my mind

Higher and higher  
Higher  
Desire desire  
Higher  
Desire desire

Don't ask me how high I can go  
I don't know  
Higher and higher

I like my head where it's too high to see  
I take my brain so far in the rain  
Don't wanna stop doing all my lines  
Don't wanna ever stop gettin' so high

Higher and higher  
Higher  
Desire desire  
Higher  
Desire desire

Don't ask me how high  
Did you know  
I get low
