

I Wanna Be Young

Ariel Pink

I know that it's not okay
That I should be so blind
I know what I want
And I wanna be young

No fun, no love
Reenact all our dates

So I can be young while I wait

Simply right
Just need a future
That's perfectly bright

I don't have fun
But I wanna be young

[?]
My baby please [?] young
So young, so young

Reenact our dates
So I can be young while I wait

I know it's dumb
But I wanna be young

[?]
Just need a young cunt
That's perfectly tight

I know it's dumb, but
I wanna be young
No fun, no love

It's been a long time
Since I (peed on your rug?) [?]

It ain't all your fault
I wanna be young

No fun, no love
Make me play the game
So, I can be young while I wait

[?]
I just need a future
That's perfectly great

I don't have fun
I wanna be young
