

Jagged Carnival Tours

Ariel Pink

Now is the time at hand
Time to take a stand
Everyone collaborate
Together now, celebrate
Make that music everyone
By everyone round and round
Share the sounds
All who down
Trade the part
It don't matter
It's a start
Do something interesting
Say it
It don't matter what
Just say something
Bust a nut

Foolish thing people sing
Jagged jagged jagged jagged

She must be alive if she's dying
Don't she look good in makeup
Her eyes jus can standin the clang-clang
Oh jagged jagged
Oh jagged jagged
Oh!

My uniform
Get out and fight
[x2]

Jagged jagged jagged jagged
