

# Time to Live

Ariel Pink

Time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life

Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life  
Time to live, time for life

Time to live, time for life  
Time to live, time for life

We must be vigilant and strong within this war  
You cannot die, you have to live, that's what it's for  
There is a time for living life and killing scars  
Time to live, time to die  
There is no future, there's no present, only pain  
And when you cry, your love is dying all the same  
It's time to die, we must be vigilant and safe  
Time to live, time to die

Winter solstice (rise as the snow's coming)  
Before life is over (rise up and look for it)  
Executive order (I close my eyes off to it [?])  
Before night is over, the song is not over  
Winter fortress [?]  
Before life is over (rise up and look for it)  
Executive order (try to get into it now)

My playing in the wind is over  
Oh  
My playing in the wind is over  
Oh  
My playing in the wind is over  
Come on

Time to live  
Time to live  
Time to live  
Time to live  
Time to live  
Time to live  
Time to live  
Time to live  
Time to live  
Time to live
