

Want Me

Ariel Pink

Want me, I want me, you want me
I want you to want me but want me, want me

Please, please want me, want me, want me, want me

Want me, I want me, you want me
'Cause right now I know you, hate me, hate me

Please, please want me, want me, want me, want me

I hate me till I hate to tell you but you're thinking
'Bout my mind into one go, put you in this place

Want me, want me, want me, want me
Please, please, please, please want her, want him
