

# Don't Switch Me Off

Arjen Anthony Lucassen

"don't switch me off  
I'm not sleepy  
I'll stay with you  
If that's okay...

Don't shut me down  
I think i like you  
I need a friend  
Please let me stay

Don't switch me off  
We are connected  
You need my dreams  
You crave my lies

Don't turn me out  
You're lost without me

Turn me on  
But don't switch me off"

Can't tell if she is real  
Can't trust the way i feel  
Is she alive or just a dream?  
Or only a machine?

"don't switch me off  
You don't want to  
I'm in your thoughts  
I'm in your mind

Don't turn me out  
I won't let you  
Turn me on  
But don't switch me off"

Can't tell if you are real  
Can't trust the way i feel  
Are you alive or just a dream?  
Or only a machine?
