

Oh, in the Morning

Arlo Guthrie

Oh, in the morning
Feel like the sun
Coming up on daytime
Shine on every one
Coming up on darkness
Warm me in your arms
Let me know another lonely night
Has come and gone

Oh, happy river flowing
Gently unto me
Softly bring me music
Listen to you sing
Swiftly running river flowing
We'll at last be free
Oh, happy waterwheel
Roll gently over me

Oh in the evening
Feel alone at last
All of the things that the daytime brings
Roll gently in the past
There is nothing left to see
Except the stars and moon
To let me know another lonely day
Is coming soon

Oh, in the morning
Feel like the sun
Coming up on daytime
Shine on everyone
Coming up on darkness
Warm me in your arms
Let me know another lonely night
Has come and gone
