

Into Your Eyes

Armand van Helden

When I look into your eyes,
I can love you to forever.

When I look into your eyes,
I can love you to forever.

When I look into your eyes,
I can love you to forever.

When I look into your eyes,
I can love you to forever.

When I look into your eyes,
I can love you to forever.

When I look into your eyes,
I can love you to forever.

When I look into your eyes,
I can love you to forever.
