

# Going Wrong

Armin van Buuren

Yea I keep dreaming  
But I have it all  
Ooh I'm still craving  
To have you by my side

I know our love is fading  
But soon it will shine

And I can't see today  
And I can't see tomorrow  
You're burning out of my head  
And my brain its going wrong

And I will live today  
And I will love tomorrow  
No matter what is said or done  
Even if its going wrong

Even if its going wrong [2x]  
You're burning out my head

I keep searching  
Forever in your eyes  
I'll be careful  
But soon we will shine

And I can't see today  
And I can't see tomorrow  
You're burning out of my head  
And my brain its going wrong

And I will live today  
And I will love tomorrow  
No matter what is said or done  
Even if its going wrong

Even if its going wrong [2x]  
You're burning out my head

Even if its going wrong

You're burning out my head  
And I can't see today  
And I can't see tomorrow [3X]

You're burning out my head  
And I will live today  
And I will love tomorrow  
No matter what is said or done  
Even if its going wrong
