Love You More

Armin van Buuren

Clouds above go sailing by
I found my meaning in this life
Clear white is flying in my eyes
Underneath a blue blue sky
The waves come rolling in with the tide.

All the people rushing by by by
Looking for meaning in this life
So used up and blinded by lies
They're underneath the blue blue sky
The way they seldom seem to smile
I don't know why

I've been away too long
And everyday I missed you more
You look like you did before only prettier
Everyday I love you more.

'Cause I've been away too long
And everyday I missed you more
You look like you did before only prettier
Everyday I missed you more
And more and more and more and more

Cause I've been away too long
And everyday I missed you more
Oh you look like you did before only prettier.
Everyday I love you more
And more and more and more and more
Everyday I love you more.
