Armin van Buuren

I see the pieces
People in places
Burn up the night
And fade to grey
Walking on water
Dancing on wire
Hang on the edge
and don't let them...
I'm on the outside
Wide open spaces
Searching for time to hold onto
Into the daylight
Your revelation
Cuts like a knife
And Breaks on trough
Hold onto this
To dream is a gift
To love is divine
And
I won't bring you down
Hold onto to me
To dream is to be
To live is to shine
And
I won't bring you down
[2x]
It breaks on trough
Hold onto this
To dream is a gift
To love is divine
And
None will bring you down
