

# Stay

Armin van Buuren

Guess its true  
What will life be  
Will I stay  
Whether I will get away  
Im scared but  
I wont find a thing  
I am afraid that I'll turn out to be alone  
But I

I have to lose  
Have to try  
Mmn mmn  
Have to trust I have to cry  
Have to see  
Have to know  
That I can be myself

See a load trip  
To a knowones right  
Thought I knew but it turns out the other way  
I am scared but I wont find a thing  
I am afraid that I'll turn out to be alone  
But I

I have to lose  
I have to try  
Have to trust  
I have to cry  
I have to see  
Have to know  
That I can be myself

And if I could  
I would stay  
Livin or not running away  
I will stare in the distance  
But I grow up to be just like you  
Hey  
Grow up to be just like you

I wanna tell you  
Why (why would I try to)  
You (you are all that I can see now)  
Why would I try to

I wanna tell you  
Why would I try to  
You are all that I can see now  
Why would I try to
